**Subject:** Waldingfield Development

Hello... I recently learned about the Waldingfield Road development proposal and I'm writing to respectfully ask that this not happen for several reasons:

1. The entire road is already way too narrow for two way traffic. I drive and/or cycle that road multiple times a week and every time a car, truck or horse trailer is on the road at the same time traffic comes to a halt to let one pass.
2. Walkers/Runners/Cyclists are already in a dangerous position on that road due to the narrowness. Add more traffic and it becomes even more treacherous. Someone will be hit.
3. Waldingfield Road is one of the most picturesque roads especially in the Fall and Winter. The development will not impact the use, but also the feel of the area.

This development will simply make the area more dangerous. We do not want to see more headlines like "Teen Cyclist Dies in Ipswich Crash", "Cyclist Dies from Injuries – Ipswich Local" or "One of 3 Bicyclists hit by car in Ipswich dies of injuries". Please stop this development!

Sincerely,  
Marty Miserandino  
Cyclist from Hamilton, MA
