Ipswich Water Department Interim Water Use Mitigation Program

FORM 1- WUMP Fee Calculation (Residential & Commercial)

The Water Use Mitigation Program (WUMP) is implemented to mitigate water demand of new development and minimize impacts to the water system. The funds collected through this program will fund water saving projects.

All residential projects constructing one (1) or more dwelling units and all commercial projects shall pay a fee reasonably commensurate with the cost of conserving water or mitigating water loss consistent with projected water demand from the proposed project. This form is an aid for calculation of a project's WUMP Fee. Any questions may be directed to the Utilities Business Office at (978) 356-6635.

APPLICABILITY

1. Does the project build 1 or more units? No Yes
2. Does the project build residential units and/or commercial development? No Yes

If you answered YES to Question 1 or 2, you must fill out this form. If you answered YES to Question 2, you must also fill out FORM 2 Commercial WUMP Fee Calculation.
