Dear Planning Board,

I am a long time resident of Ipswich and I am writing to you about 5-11 Washington Street. I feel the 13 townhouses being proposed should be approved. I think it is a much needed improvement for that property and will provide much needed housing for our town. I applaud the changes your board and the Design Review Board have suggested to the developer. It seems the developer has been open minded and has made many of the changes. I hope you approve this project. Thank you for your time.

Best Regards,

Janis Brissette
