Subject: Waldingfield Rd & ORA

I am writing to support ORA on moving into the Waldingfield address. ORA is a clean and honorable business. My wife has been a patient of theirs for several years. I have no bias or financial interest in this matter. I know they will be good neighbors, honor their commitments and add to the tax rolls.

On the other hand I note that an opposing group consists primarily of non- Ipswich residents (Hamilton) and will do whatever it can to restrict access to Ipswich residents. And will they pay as much in taxes?

Finally I believe ORA will have a valid reason to file suit against the town if the planning board attempts to exclude them from this venture.
