

Van Transportation

A 14 passenger handicapped accessible van is utilized by Ipswich seniors Monday – Friday 8 a.m. to 4 p.m. for in-town transportation. Call the senior center 24 hours in advance to schedule a ride. A donation of \$2 per round trip ride is suggested. Special trips and scenic rides are offered throughout the year. Check the newsletter for specific trips and dates. All riders are required to read and sign a Van Usage Agreement. Please review our [Van Schedule and Policy](#) for more information regarding van services.

Out-of-Town Medical Transportation

The COA coordinates two transportation services for seniors who have no way of getting to their medical appointments. In order to maximize our limited resources, we are asking for your help. If your medical care occurs at Lahey Peabody, Lahey Danvers or Mass General/NS Center for Outpatient Care Danvers, please make your appointments for between and including 10am and 2pm on Tuesdays. If you have appointments at Beverly Hospital, Fresenius Medical or the Cummings Center, please make your appointments for between and including 10am and 2pm on Wednesdays. Transportation to these destinations is managed through our Senior Center via Cape Ann Transit Authority. Please do not contact CATA directly. If you have appointments in other locations (or your doctor is not available at the above locations on those days), we will make every effort to arrange for a volunteer driver to transport you. However, our volunteer force is limited and a ride cannot be guaranteed. Please call 978-356-6650 at least 72 hours in advance of your appointment to request a ride. Please remember, all changes and/or cancellations should be called into the Senior Center.

Volunteer Medical Transportation

Transportation is available to out-of-town medical appointments on a limited basis. Due to the large volume of rides needed and our limited resources, we cannot meet every request. We will notify you 24 hours before your appointment if transportation cannot be found. For more details, please call: 978-356-6650.
